

Obbo LED String Lights Product Sheet

Application: Christmas tree decoration, facade lighting, window display, curtain lighting and festive atmosphere.

Common options: warm white, cool white, red, green, blue, RGB or custom color combinations.

Voltage reference: low-voltage 12V/24V options and market-adapted 110-240V power solutions.

Outdoor use should be matched with suitable waterproof rating and proper installation accessories.

OEM/ODM customization is available based on quantity, length, plug type and packaging request.

Contact Obbo Lighting for project matching and export quotation.
